

**Mock EQE 14-16 December, 2010 in Prague
Discussion January 13-15, 2011 in Prague**

Dear EQE-candidate,

The mock EQE provides participants with the chance to sit the EQE exams under exam like circumstances. The participants will sit the various exams (A[Ch], A[E/M], B[Ch], B[E/M], C and D) in the same order as the real exam and will be given exactly the same time to sit the paper. The exam papers will be selected from previous EQE exams and are chosen for their didactic value. The papers will be reviewed by experienced epi tutors. About one month after the mock EQE the tutors will discuss the papers in small groups. Each participant will receive personal feedback on his/her work. Participants may sit any combination of papers.
